

Quality Policy

It is the policy of Triton Showers to design, manufacture and service products to the highest possible standards, which are fit for their intended purpose and comply with the customers' specification, regulatory authorities and other applicable requirements.

Triton Showers has an established reputation as a manufacturer of innovative quality products, which reflect the technical and commercial needs of the market place. Ultimately the company's success will depend on our continuing ability to apply our quality policy to manufacturing in high volume, well-designed and reliable products.

To this end the company will maintain a quality management system complying with the requirements of ISO 9001:2015. This provides the framework for establishing and reviewing quality objectives and demonstrates a commitment to a process of continual improvement and customer focus; ensuring that customer requirements are determined and met leading to enhanced customer satisfaction.

This policy is endorsed by the directors of the company and communicated to all personnel throughout the company.

David Tutton
